First wheat from current crop delivered Thursday

RESTON—The first, and to date, only wheat delivered to Reston elevators this season, was made on Thursday of last week when Les Lazonby delivered Neepawa wheat to the U.G.G. elevator. The grain from a 54 acre field of second crop, weighed 63 pounds to the bush-

el, but because of the number of pitted kernels graded No. 2. The yield was 25 bushels to the acre.

Only a very small percentage of the crop has been combined to date, with the odd field of early sown barley completed. Roy Campbell, Peter Baldwin

and Wm. Lau are among those who have completed fields. Indications are that the yields may average between 40 and 50 bushels to the acre.

Barley graded so far has been mainly in the No. 1 Feed category, although some 3 C.W. has been harvested. The barley is yellowish in color, probably due to weather conditions.

Neither Bob Turnbull at the U.G.G. or John Williamson at the Pool were willing to freest the average yield. Too little grain has been completed to make an accurate estimate.

The heavy rains on the weekend will further delay combining, although swathing was resumed on Tuesday. In Reston two inches of rain fell, but in the Linklater district about four inches was recorded.

Because of the heavy rain many fields of grain have lodged which will make swathing a difficult task.

A pleasant change this year, however, is that much of the grain will be delivered straight from the combine to the elevator as there is considerable space available and cars are being freely supplied.

The quota for wheat is 4 bushels per specified acre, the largest quota at this time, for a great many years.

The farmer has the choice of specifying what ever acreage he wishes of his land to any crop. He can for instance, specify his entire cultivated acres as "wheat", but then he cannot market any other grain he may have grown through the normal channels.

Sifton council approves installation of lights

OAK LAKE—Council of the R.M. of Sifton, at its recent meeting, passed a resolution authorizing the Manitoba Hydro to install three extra lights at the Oak Lake Resto.

Permission was granted to build a pigery on the farm of W. V. Blackwell.

Council agreed to have an 80" culvert installed through the road between the sections 9 and 10, township 8, range 23. Payment for the installation is to be requested from the Water Resources Branch.

An offer to purchase lots 19 and 20, Block 1, Plan 73 in the village of Deleau, was accepted by council.

Accounts totalling \$14,681.11 for the month of July were approved.

Reeve G. W. Howat presided at the meeting and all members of the council were present.

Date for next meeting was set for September 12th, at 9:00 a.m.

Kenny Eastman at hockey school

PIPESTONE—Kenny Eastman of Oak Lake Reserve has been employed during the summer months as Sports Director on the Reserve, under the School Student Employment program. Last Sunday he left for Brandon to begin his training in a hockey school, sponsored by the Dept. of Indian Affairs.

He has an offer to attend the Estevan Bruins fall training camp in September and also an offer to attend the Brandon Wheat Kings training camp.

Social evening for Mr. & Mrs. J. Cowan

RESTON—A social evening was held in the Anglican Parish Hall on Friday, Aug. 18th in honor of Mr. and Mrs. Jim Cowan. There was a good number in attendance.

Mr. John Abbey made the presentation of a crystal cream and sugar set and a purse of money.

Vandals damage Park

RESTON—Vandals, sometime Friday night or early Saturday morning, did about \$100.00 of senseless damage in the Reston Memorial Park.

A number of benches were destroyed, the box containing the guest register was smashed and plants around the Cenotaph were pulled up.

It is believed that the Park was chosen as the site for a drinking party and the damage occurred during the spree. There seems to be no other logical explanation for such goings-on.

Funeral service for Mrs. Margaret Wright at Pipestone

PIPESTONE—Funeral service was held in the United Church here on Saturday, August 19th for Mrs. Margaret Wright, who passed away in the Reston Hospital on Thursday, August 17.

Rev. E. Schurman conducted the service.

Mrs. Wright was born in 1901 in Pipestone and was the youngest daughter of the late Mr. and Mrs. John Mitchell.

In 1928 she married the late Harry Wright, who predeceased her in 1964, also three sisters Mrs. Bessie Miller, Mrs. Mary Forsyth, Mrs. Bill Fairbairn and two brothers, George Mitchell and Bill Mitchell.

Left to mourn her loss are her son Norman and grandson Ronnie, stepson Andy Wright and granddaughter, Margaret and several nieces and nephews.

Burial was made in the Pipestone cemetery with the pallbearers being: Dave Greenleaf, Allan Davis, Alex Fodor, Ab. Flannery, Mike Legachuk and Russ Zelmner. Ushers were Bill Lawrence and Cyril Hopkins.

U. C. W. meet at Woodnorth

WOODNORTH—The U. C. W. meeting was held on Wed. Aug. 9th in the Sunday School room with eight members present.

Mrs. M. Naughton opened the meeting with prayer and the thought for the day. Mrs. H. Moore and Mrs. C. Scharf were in charge of devotions.

Mrs. C. Priestley reported for the flowers and visiting committee.

Discussion took place on the church steps and it was decided to investigate the price of carpet, the painting of the same being cancelled for now.

It was reported that the bill for the organ had been paid.

A picnic for the children was discussed and a date will be announced later.

Church service for this coming Sunday will be at 11:30 in Woodnorth.

The meeting closed with prayer.

Lunch was served by Mrs. Carl Wedow and Mrs. W. Forsyth.

Barley five feet high

RESTON—Barley five feet high and with heads a full five inches long is being swathed on the farm of Ben Jackson in the Sifton district. It is so heavy that a full swath cannot be cut as it would plug the opening.

Ben's comment on showing a sample to the Recorder: "Got barley that's five feet tall and wild oats that are six."

Chamber oppose grant for the Keystone Centre

RESTON—A resolution as follows: "While we believe and realize that the Keystone Centre established in Brandon could be of some benefit to rural southwestern Manitoba and also realize they are having difficulties in financing this project.

"We believe that they too on their part must realize that some of the rural points are experiencing the same difficulty with their own recreational facilities.

"We therefore recommend to the Pipestone Municipal Council that they give due consideration to such difficulties within its own boundary before advancing aid to the Keystone Centre," was passed at the meeting of the Reston and District Chamber of Commerce on Aug. 17th.

President Jim Walker chaired the meeting which was held in the Memorial Theatre.

The committee looking into the "Big Buck Days" promotion for this fall, brought in a report and those present were in favor of going ahead with the project. Incorporated with the event will be the 80th birthday celebration for Reston. A Casino will be included in the activities for the promotion.

Art Wilkins brought in a complaint about the lack of children's shows being offered at the theatre. It was pointed out that a total of 17 restricted or purely adult shows had been shown in a row.

The fogger, which was purchased through the efforts of the Chamber has been of good use. It was decided that a fee of \$2.00 would be charged for its use, this sum would provide for maintenance of the equipment.

The doctor situation was explained at the meeting and it is hoped that a permanent doctor will locate here soon. At present full time service is being offered by a doctor who will be here until the end of the month. There is also a possibility of a dentist locating here.

Bride-elect is guest of honor

RESTON—A miscellaneous shower was held on 17th July to honour Miss Kerry Donald of the Linklater district.

Kerry, Mrs. Hilda Donald, Mrs. Marcel Gony, Mrs. Elsie Donald, Melva and Leigh Donald and Mrs. Myrna Bixson were presented with corsages and escorted to the head table. Flower arrangements and decorations for the occasion were of mauve and white.

Mrs. Helen Brownlee conducted an amusing contest. The address was given by Miss Merle Walker after which gifts were drawn in by Heidi and Gavin Chester dressed as farmer and farmette on tractor and hay rack.

After the gifts were viewed, Kerry charmingly thanked all for the lovely gifts and welcomed all those present to her new home.

A delectable lunch was served by the hostesses of the Linklater Guild and friends.

August meeting of Tilston U. C. W.

TILSTON—The August meeting was held at the home of Mrs. Wilda Moir with eight members present. The roll call was answered by how she receives tension.

The president was in the chair and with the absence of Mrs. Neff, Mrs. Land acted as secretary.

Reports were read and approved. Plans were finalized for the 50th anniversary to be held in October. Mrs. Pickett volunteered to make the cake.

Mrs. T. Strutt read from the Federated News. Mrs. Land had the thought for the day.

The mystery box was won by Mrs. A. Pickett.

Following adjournment lunch was served by the hostesses.

The September meeting will be at the home of Mrs. Alexander.

Dempsey-Gorrigsen exchange nuptial vows in pretty double-ring ceremony

CALGARY—St. Mathew Lutheran Church in Calgary, Alta., was the setting for the double-ring ceremony on Aug. 5, 1972 uniting Sylvia Doris, only daughter of Mr. and Mrs. Arthur Gorrigsen of Calgary, and Thomas Allan Dempsey of Calgary, only son of Mr. and Mrs. T. L. Dempsey of Kelowna, B.C. Beautiful summer flowers decorated the church where the bride's mother and father had been married. Rev. Stark officiated at the ceremony, while Mr. R. Hooper played traditional wedding music, and accompanied Mrs. D. Chapman as she sang "Oh Promise Me."

The bride, given in marriage

Mrs. Mary Gies laid to rest at Tilston

TILSTON—Funeral service was held in the Tilston United Church on Saturday, Aug. 12th for Mrs. Mary Gies, 92, who died in the Brandon General Hospital on Wednesday, August 9th. Rev. E. Schurman of Reston, conducted the service.

Mrs. Gies was born in Austria. She married Jacob Gies in 1904 and the couple farmed in the Storthoaks district until 1938 when they moved to Tilston. Mr. Gies died in 1945. Mrs. Gies continued to live at Tilston until 1968 when she took up residence in the Melita Lodge.

She is survived by four daughters, Mrs. Lena Davis, Surrey, B.C., Mrs. Viola Cameron, Kingston, Ont.; Mrs. Hilda Bright, Brandon and Mrs. Lavina Harrison, Fairlight, and three sons, Wilfred, of Long Beach, Calif., Hardy of Storthoaks, Sask., and Percy of Beulah, Man. She was predeceased by a son Charles in 1958.

Also surviving are 34 grandchildren, 58 great grandchildren and three great great grandchildren.

Burial was in the family plot at the Tilston Cemetery. Active pallbearers were: Rick Miner, Dale Gies, Grant Bright, Doug Davis, Rodney Gies and Mel Davis. Honorary pallbearers were: Andrew Nelson, Lew Miner, Bill Cooper, Cliff Burrill, Marshall Desender, George Sterling.

Evers Funeral Home at Melita was in charge of arrangements.

Out of town guests included Mr. Howard Dempsey, Miss Jennie Dempsey, Mrs. Irvine Dadds, Mrs. Jack Cuthill, Mr. and Mrs. Bert Busby, Mr. and Mrs. Elwood Busby, all of Reston, Mr. and Mrs. Lawrence Pierce, of Brandon, Mrs. Wm. Watson, of Ottawa, Ont., Mr. and Mrs. Ed Gaidica, of Vernon, B.C., Mr. and Mrs. T. L. Dempsey and Mr. and Mrs. Chas. Webster, of Kelowna, B.C., Mrs. M. Kowalski (grandmother of the bride), Mr. and Mrs. Dave Kowalski, Miss Adeline Ischrieter, all of Medicine Hat, Alta., Mr. and Mrs. H. Martin, Vauxhall, Alta., Mrs. Ross Chown and son Lanny, of Edmonton, Alta., and Mr. and Mrs. Henning Gorrigsen of Banff.

American couple has praise for the Park

RESTON—"The nicest park we have seen in our travels". These were the comments of a couple from the States and who were unable to register in the Guest book. Reason for this—the book can not be left unattended, unfortunately.

These folks wondered how one man, with no volunteer help, could do so well. Great credit is due John Pickett and we wonder how many Restonites have seen the park recently, leave alone volunteered help?

ALSTONE NOTES

by E. J. Guthrie

The rain stopped early enough for some of us to attend United Church service on Sunday morning. The subject of Rev. Ernie's sermon was "He watches over us". We would agree with the reverend that the all-seeing eye beholds us. We were glad to welcome several members of the Anglican Church. Come again folks while your minister is absent on holidays. Thanks to Alice Senkbell, of Pipestone, for taking over in the absence of our organist.

A number of members of the Alstone Council gathered in the lounge on Wednesday night with vice-president Mrs. Milliken in charge in the absence of Elsie Smith who is still in hospital. Several items were discussed and some conclusions arrived at.

E. J. was found wandering around the hospital corridor the other day back in his infancy with his shirt hanging out. But Nurse Elliott discovered him, and being the good tucker that she is tucked in his shirt tail, talked kindly to him and brought him back to normal. He thinks he will get me Alstone seamstresses to stitch some buckshot into the tail of that shirt.

Last Thursday about a dozen ladies from Virden and Lenore came to Reston and visited the Park and Alstone Lodge. After which they had tea at Alma Caldwell's. Alma had gone to school with most of them or their mothers. We, of Alstone, are always happy to have visitors come and see the wonderful home we have had provided for us.

Miss Jessie Jackson accompanied Emily and John to Brandon one day last week. Much to her surprise there was a hot supper ready when she got back. She had a cousin Mrs. Heyman, of Toronto, from Friday till Saturday night when she left on the bus for Winnipeg.

Geo. Watt, of Coquitlam, B.C. dropped in at the tee pee on Saturday morning and of course, we knocked one back and reminisced about our old ball playing days. George was the catcher for the old Ewart baseball team for several seasons and caught for Big Jim McMunn when Jim was going good. Geo. and his wife Yvonne are presently visiting with George's mother and his brothers.

I have in my possession a picture post card of the Bank

of British North America which was built in Reston in the early thirties and was burned in the Reston fire of about 1911. On the back of the card written Broomhill April but no date. The card was found by me on Saturday morning on the walk in front of the municipal office. The person who lost it may claim it at the tee pee or phone 3347 Reston. Otherwise it will be sent to the museum.

We extend deepest sympathy to the family and friends of the late Margaret (Mitchell) Wright who passed away last Thursday in Reston Hospital.

Several members of the Wilson clan visited with J. E. in his suite on Sunday night. Including J. E.'s brother Earl and his wife Eleanor of Burnaby, B.C. who are home for their yearly visit. Earl is another old ball playing friend.

The yearly Grande Clairiere gathering was held on Sunday afternoon with a good turnout and we saw a good few old friends. The sandy grounds were very good after the rain. We saw two 1-0 ball games. The first between Virden and Souris that went three extra innings with Virden the winner. In the other Grande Clairiere took Virden by the same score. Johnnie Bertholet coming to bat for Grande Clairiere after four years retirement drove in the winning run. As long as there is a Bertholet there will be a ball game. Another shower in the evening prevented the final between Grande Clairiere and Elgin.

John D. had slept in a bit on Thursday morning when a rap came to the door and he had to get from pyjamas to pants in quite a hurry and when he answered the door there stood a lady with a large two layer chocolate cake which she had brought to tickle the palates of the residents. Your cake was delicious. Bell, just like mother used to make, and so nice and moist. Thanks so much. But we bet that's the first time we ever caught John D. with his pants down.

We would also like to say thanks for more vegetables that were brought in.

Our seamstress mended a rip in a pair of trousers with a man in them the other night. It's a good thing for the man that the rip wasn't in the seat of them.

Mr. and Mrs. Lee (nee Adeline Ashley) of Victoria, B.C. visited Uncle Charlie on Monday night. Several of the Smith family accompanied them (cou-

sine). Tea was served in the lounge for about a dozen of us. A couple of us attended the Broomhill picnic on Monday night. It was to have been held Sunday but it rained out. There was a wonderful large crowd of people in attendance, who were catered to by the good ladies of Broomhill who sure haven't lost the art of cooking and serving. A game of football was played between the Browns of Melita and Reston and while the Browns lost out, they are just as tricky as ever. Merv Costa, one of their former players pitched a few innings for them and while he is now a bit incapacitated the old spirit is still there. Everyone had a good visit and a good time and while there isn't too much of Broomhill left now that good old fashioned homey welcome still exists among its people.

We are sorry to learn that Mable Smith is in Virden Hospital with a slight heart attack. We hope that Mable will soon be well again. We are glad to have Gloria Lau back with us again having made a wonderful recovery after her extended stay in Reston Hospital. The rest of you characters better look-out your going to get a good thumping at cards one of these nights. She looks quite chipper this morning.

PIPESTONE

Mrs. Stanley Campion, reporter

Recent visitors with Mr. and Mrs. Bob Davis were her niece, Mrs. Shirley Hullery a n d daughter, Marguerite and Miss Dorothy Atchison, all of Winnipeg. Miss Anne Bolyn of California, also Mrs. Davis' brother, Mr. Jim Winters and grandson Andy Morrison, of Winnipeg, spent two weeks here with relatives at Antler, returning home Friday.

On Sunday, Aug. 15th, Mr. and Mrs. Bob Davis, Mr. J. Winters and Andy Morrison were guests of Mr. and Mrs. Jamie Davis of Findlay.

Mr. and Mrs. A. J. Dodds of Brandon, visited his brother, Will Dodds, Sunday, Aug. 13th. We wish to extend a hearty welcome to Mr. and Mrs. Winston Curtis and family of Arborg. Mr. Curtis is replacing Mr. D. Leslie as manager of the Pool Elevator. Mr. Leslie had to retire as Pool Elevator manager due to health reasons, and has with his family, now taken up residence in the renovated house of the late Mrs. H. Hopkins. Glad you decided to remain with us, folks.

LOOSE TALK (from the Kipling Citizen)

Some years after the Greeks started the Olympic Games they stopped them. Now we know why. They cost too much. Munich has spent more than \$600 million dollars preparing for the Olympic Summer Games which start this month. The Munchens are protesting, because there are so many other things that need doing.

The Simon-pure Olympic athletes are protesting, too, because the ceilings are low and the walls between the sexes are high, etcetera, etcetera. They protested at Mexico, too, and they are far from amateurs when protesting. They protest about the altitude and the attitude and the lack of funds, and they have cheesemakers and governments worrying for them months before they take to the road in the name of muscles and medals.

The good old CBC follows along, but only if it can't go first, with its 200-or-so staff to bring breath-by-breath description of what must be the most expensive display in the history of "sport." One thing about the CBC, though, is the fact that it will continue to show the games for years and years. Like we all got saddle sore watching the Canadian Horse Jumping Team at Mexico some years ago. They show this horse film when they can't find the ones on seals up north or the Guadalupe Island one about

scaly monsters.

But back to the Olympic Games. The only event we take part in is the sour grapes event. We sit watching the, say, girls diving. The courageous little rascals go on up on a very high board and dive into a small pool at the bottom, twisting and turning as they fall. As they are doing this, a female commentator, who apparently has done it in the past, comments, "Oh, she has flipped her gibel on that one! Too bad!" or "O - oh! She didn't straighten her middle toe when she was leaving the diving board!" When all the time she was lucky to reach the bottom and come up alive.

The only real amateur is the guy that's running the whole shebang, Avery Brundage. He's so amateurish that he disqualifies the skiers if their insoles have brand names on them.

Perhaps we'd better take another look at Olympic Games. The Greeks are smart people and there must be a good reason why they slowed down on them many years ago. For the few who qualify as amateur sports there are astronomical professional costs. It might serve us better if it were spread around in areas where young athletes have little chance to train for or to try-out for, Olympic trials.

OPPOSITION RECORDED

The Keystone people are out with cap in hand again, approaching the municipalities to bail out the Keystone Centre from its financial difficulties. The suggested appropriations for the R. M. of Pipestone is \$20,000. The council, wisely decided at their recent meeting that any such grant should be discussed with the ratepayers at the annual meeting before any final decision is made.

Recently, we read that the previous appeal for this project met with such harsh treatment by the municipalities because of a misunderstanding. It will take a great deal of explanation to clear up this "misunderstanding" for the ratepayers generally look with disfavor on any such grant, when there are so many projects at home that are in dire need of funds.

The only plausible argument

in favor of such a grant is that it might serve to bolster the Provincial Exhibition and the Royal Winter Fair, both of which badly need the facilities which will be provided by the Keystone Centre. These fairs, in some degree benefit the entire province.

Regardless of this fact, most ratepayers feel that the facilities will mainly benefit the Brandon Wheat Kings, who also are in dire need of better facilities. And they feel that the Wheat Kings belong to Brandon and therefore Brandon should pay for the facility.

This feeling is probably best expressed by a resolution passed at last week's Reston Chamber of Commerce meeting, which while recognizing the need for the facility and also that it may have some value for rural Manitoba, they nevertheless went on record as opposing a grant.

formed tomatoes face one another and are about the same size. We have seen tomatoes growing together joined on the sides and from two separate stems before, but not like this one. They came from the garden of Mrs. Allan Kendrick. Allan brought them in but disclaims any knowledge of gardening, stating the department belongs to his wife.

by Francis Lobreau

Note: Francis Lobreau is the second son of Mr. and Mrs. Wilfrid Lobreau, Findlay. He attended public school there, with Mrs. Chalmers as teacher for eight years. High school was taken at Hartney, where he excelled in all subjects. Francis is about to enter third year university at Brandon, where he has won several scholarships and bursaries. He found many uses for the German, French and English languages he is majoring in during his two month tour of Europe. Many of his slides of cathedrals etc. are outstanding.

Greg and I left Winnipeg on May 8 at 2:55 p.m. We arrived in Montreal 2 1/2 hours later, only to discover that our flight from Montreal to Paris had been cancelled. We were told that we would have to wait 4 hours before boarding another plane which would go to Paris, but only after a short stop-over in Shannon, Ireland so we unexpectedly got to see the green fields of the "Emerald Isle." We arrived in Paris at 11:00 a.m., perhaps a bit dazed at the thought of being in a large city on another continent but looking forward to the many new adventures that lay ahead of us.

We experienced our first new experience with the subway system in Paris. We realized too late that we were headed in the wrong direction and were lost. A woman who was just quitting work offered to show us the place where we wanted to go and also explained how to use the Metro. It seemed quite complicated at first but we quickly caught on to the tricks in using it and it became a quick, efficient and inexpensive means of travelling within the city. We lived in the Latin quarter which contains the student population. By simply walking out the hotel door, one could see the students' and artists' quarters, the markets, attractive sidewalk cafes which are evident throughout Paris, and people selling books and paintings along the Seine River. We were also near several major sight-seeing attractions with an excellent view of the Eiffel Tower from our room. We saw the Luxembourg Gardens and Notre Dame, an enormous grey stone cathedral of insignificant Gothic architecture built in 1163 and which contains some of the most exquisite glass-stained windows of the world, especially the Rose window. We also visited the Sorbonne and the Pantheon; the latter is a shrine to France's most renowned public figures. We walked along the lovely Champs-Élysées and met my penpal, Elisabeth Chamblain, and a friend Dominique, under the Arc de Triomphe. The monument stands on a plaza known as L'Etoile (the Star)—so called because it forms the axle of 12 broad avenues which radiate out like the spokes of a wheel. After the girls had given us an interesting guided tour, we went to Elisabeth's home for a

The Days Gone By

10 YEARS AGO (Aug. 23, 1902)

Construction of the water and sewer system in Reston commenced on Tuesday of last week. Clark Construction Co. of Killarney, are sub-contractors for the job and Roy Clark, proprietor told the Recorder he expected the job to be completed by end of November. The profits from the two \$1500 bingos held at Reston this year were split by the committee meeting held in Art Smith's office on Monday evening. Each of the three sponsors received \$850.00. They were the Elizabeth Legion, Reston Community Rink and Reston Community Hall. Harvest is in full swing. W. B. Thompson at the U.G.G. elevator, estimates that the acre and oats will be more than 50. A field of oats on the C. W. Padlock farm went 90 bushels to the acre as did a field of Robbie Donald's. Barley in the Woodnorth district is reported to be averaging 50 bushels to the acre. Garth Campion of the Bellevue district, had his hand crushed in the working part of a combine he was operating on Wednesday of last week. He was hospitalized until Saturday and now has hand in a partial cast.

20 YEARS AGO (Aug. 23, 1932)

The third hail storm of the season swept through the district south of Reston on Friday evening, striking some farmers for the third time. Among those affected were: Bill Sutcliffe, Fotheringham Bros., Bev. Boulton, Hart Sutcliffe, Cecil Jago, Bill Oberlin, John Berry, Chris, W. M. and Bill Lau and Wilfred McLaren. Damage ranged from 20 to 100%. A field of Redman Wheat grown by Ed. Wilson yielded 50 bushels to the

typical French meal. Before dinner, Mr. Chamblain has us taste an assortment of liqueurs and wines. Mrs. Chamblain then served a delicious meal which consisted of 6 courses, 2 wines and 3 varieties of cheese. Each variety of food was served separately; the meal lasted for 2 1/2 hours. We talked of life in France and Canada, from farming to government. Late in the evening, they drove us through Paris and brought us back to our hotel. It was certainly an enjoyable evening!

Our next stop was in Brussels, Belgium where we had our first encounter with the European tram system. We visited the Grand Place—a magnificent square whose only buildings are the ancient and untouched Guild Halls of the Middle Ages, decorated in gold and brilliantly colored medieval flags. Among other things, we were in the St. Michel Cathedral which holds 5000 people. Its Baroque wooden pulpit, designed with animals and Biblical characters, was hand-carved from a single tree trunk. It took four years to make it. And the French fries in Belgium must be the best-tasting in the world!

We then visited several towns in Holland with our headquarters in Amsterdam—an exciting city with gently-curving canals, bridges over quiet waters that flow between unbroken lines of trees and narrow, gabled old canal mansions. The Dutch countryside with its old windmills and large fields of multi-colored tulips was a delightful sight. During our stay in Amsterdam we had a personal tour of a diamond factory and saw all phases of diamond cutting, shaping and polishing and a display of diamonds that contained the world's smallest diamond and replicas of the "Hope Diamond" and the "Shah of Persia." We spent several hours in the Ryksmuseum where we saw Rembrandt's famous "Nightwatch" among many other things. We had an informative, guided tour through all parts of Heineken, Brewery, followed by free beer, cheese and pretzels. We then had a very interesting tour of Anne Frank's home. Anne wrote a 2 year diary during the time that her family was in concealment during World War II. Only her father survived the ordeal once they were discovered by the Gestapo. The terrible events of the war are recalled to mind in this fascinating tour. (to be continued)

acre in the Hillview district. Fields yielding over 30 bushels to the acre are quite common. Within a mile of Reston on Tuesday night, the editor saw 6 Hungarian Partridges from 15 to 20 Sharp Tailed Grouse and from 75 to 100 ducks. The latter were feeding on a sweet clover field, the first time the editor has ever seen this happen. John Martine, in the Brae-side district harvested a field of Thatcher wheat that yielded 41 bushels to the acre. Ivan Ross, in the same district had rye that yielded 29 bushels to the acre. A combined Reston Pipestone - Bellevue ball team took part in the Pony League tournament in Brandon on Wednesday. Ivan Donald, Wes Cronk, Willie Shing and Phil Ready went from Reston with Constable George Lawrence in charge of the team.

30 YEARS AGO (Aug. 27, 1942)

Ray Murray, agent of the Western Grain Co. at Antler shipped the first car of barley from the current crop on Friday. The farms of Stan Paulhus and W. T. Kennedy provided the grain which averaged 45 bushels to the acre. Word was received at Reston on Sunday that Lyle Bullock and Ernest Horner are missing after the invasion. Mrs. W. Phillips and daughter Inez, of Vancouver, are visiting with her father J. L. Forke at Pipestone. Her husband is stationed at Vancouver with the Navy. School will not open at Antler until August 31st. The principal M. B. McDonald is running a tractor in the general harvest rush and many of the pupils are also working in the harvest fields. A number of harvest hands arrived in Reston last week. The wages asked are \$3.00 a day for harvest and \$3.50 for threshing. Word has been received at Bard of the safe arrival of Gar Douglas Piggott. A cable has been received by Mrs. C. W. Busby, at Reston that her son Max has arrived safely overseas.

40 YEARS AGO (Aug. 25, 1932)

The water fowl season will open Sept. 15 and close Nov. 15. Bag limit for ducks, 15 per day with a season limit of 150. Geese is 10 a day and a total of 50. Quite a number of the farmers have completed their cutting operation and practically all will be finished by the end of the week. Threshing operations are in full swing and the local elevators are busy from dawn until long after sunset. The late oats and barley are going to yield very poorly in fact many fields would have been better left unsown. Appalled by the swarms of grasshoppers in both Manitoba and Saskatchewan, the Winnipeg Free Press sought the advice of Norman Criddle, Dominion Entomologist at Trebban and he suggested to plow their land beginning about Sept. 5 so that the egg pods will be exposed to frost.

50 YEARS AGO (Aug. 24, 1922)

Wheat cutting will be pretty well wound up in the district this week and threshers are getting their machines tuned up for the annual grind. Some oats and barley remain to be cut, but will be finished within a few days if good weather prevails. The crop is the most even that has been grown in the district for many years and some of the old timers state it is the best they have ever cut. Crops in the Huston district required an average of 2 1/2 lbs. of binder twine per acre. John Forsyth, Russell Dodds & Jimmy McKenzie, representing Pipestone in the boys stock judging competition at Brandon Fair finished in third place, 3 points behind Morden and only a half point behind the second place finishers, Elgin. Some damages have been done to the gardens in Reston village by cows that have broken loose or have been allowed to run at large. The Huston correspondent suggests that legislation should be enacted dealing with the Grain Exchange as a den of common gamblers and let the law take its course.

60 Years Ago Aug. 22, 1912

If the present crop comes off well and is marketed at a profitable margin autos will take the place of horses for roading within the next twelve months.

The auto has come to stay and with autos good roads will come. Dr. Bantling has purchased W.J. Barker's drug business at Pipestone and is having the interior of the store re-modelled and improved. Every train that passes through carries a number of harvest hands. They all appear to have been ticketed as far west as possible. Wages asked are \$3.50 to \$5.00 per day, the wiser heads however, who have been west before are trying to hire by the month so that in case of rain, or wind, there will be no time lost. There is a shortage of box cars to move the grain and as a result the elevators are plugged and the farmers cannot deliver their grain. Cutting on the light land at Pipestone began last week. The sample is good and cutting will be general in a few days if the weather clears.

Sauce for the Goose

by Dave Forsyth

A friend of long standing said he and a neighbor bought tractors about the same time. Neighbor said, "No I haven't had any trouble and I don't intend to have any. I took the wrenches and heaved them as far as I could throw them." I remarked to my friend that he

was looking well and that he was surely feeling better. He said, well you know my doctor has been away and I haven't seen him for a couple of months. In other words he had taken the wrenches and thrown them away.

From Leader Post, Aug. 10. "Liberal Leader I. H. Asper says advertising for Manitoba's provincial lottery is 'a little misleading and false' and ought to be changed.

He said Thursday advertisements for the three-yearly Manitoba Sweepstakes, offering top prizes of \$100,000, promise Manitobans "a dream come true" and purport that the sweeps will solve all financial problems.

"No other sweepstake makes such an appeal to low-income people. The advertisements don't state the odds or say how many people are taking part in the lottery.

"It's improper and we intend to ask the government to change it," Mr. Asper said.

I am prepared to go along with Asper. While I'd guess rural papers can do with revenue they can get from advertising I feel there should be a full statement made at least once yearly of the amount of money taken in for tickets, the cost of all expense incurred and the odds any one takes on to win \$100,000.

The Editor's Jatbook

Reports reaching the Recorder are that the number of Sharp-Tailed Grouse and Hungarian Partridges have greatly increased this year, following an excellent hatch. Ducks, too, are reported in large numbers on the many sloughs in the area, and the more than two inches of rain that fell on Sunday means that there will be enough water in the sloughs so that the birds will survive until they reach the flying stage. Hear reports of fish being seen jumping in the slough "Reston" in the evening, but darned if we have been able to spot any, despite several tries. Could be we were there at the wrong hour. However, the 18 ducks which make this water home, seem to be getting along real well. We see by the Dufferin Leader that the postal delays have been eliminated in the Ligar Constituency through the efforts of Jack Murta, M.P. for that Constituency. Now, if we could only find someone to eliminate the delays in this area! The fact that it takes at least three days for a letter to go from Antler, Sask., to Reston, a distance of about 15 miles, just doesn't make sense. Possibly because there are two constituencies involved is the reason for the slower than slow mail service. Never saw one like it before! But on the counter at the Recorder office is a (are) two large tomatoes. Now these two (one?) tomatoes look like Siamese twins. They are from a common stem and are not really joined together, close examination reveals. The difference is that the two perfectly

Jack Brattan retires after 43 years

Jack Brattan retires from the Moose Jaw post office July 1 after more than 43 years of public service.

He began with the post office Dec. 1, 1928 and was promoted to the railway mail service May 1, 1940, where he remained until July, 1960, when he returned to the post office.

From 1940 to 1960, he travelled on the railway, maintaining headquarters in Moose Jaw. But he also had domiciles in other places such as Reston, Man. and Swift Current.

According to Mr. Brattan, mail service was at its best at that time.

"We used to be able to guarantee service. When anyone handed us a letter we could tell

them just when the letter would be delivered."

There was no air mail service at the time. Mail was exclusively hauled by rail.

Mr. Brattan said when air mail began, it was on a "hit and miss" basis. "There was the odd trip on the old 'Blue Goose Line.' Air loads were limited.

"Now everything is air-lifted and has been since about 1954."

Today the post office has distribution centres. In the old days, the mail car was the distribution centre. And the dispatch changed as they crossed over another railway line to take advantage of whatever services were available.

"In those days, speed, not miles, was the only thing that counted," said Mr. Brattan.

A letter was often sent 600 to 700 miles to get to a destination 100 miles away. "When the mail missed a connection, it was often faster to send it by a roundabout way to its destination."

Another difference Mr. Brattan notices is around the office. "There was more dedication to duty in those days," he says.

Mr. Brattan married the former Hilda Smith, Oct., 1933. They have two daughters, Mrs. Joe (Joan) Sutherland of Winnipeg and Mrs. Ed (Donna) Graychick, of Nelson, B.C. and they have seven grandchildren.

He has been active in St. George's Masonic Lodge, is a past master of the lodge and is past president of the Pastmasters Association. He is also a past charter patron of the Res-

5 THE RESTON RECORDER

ton, Man., chapter of the Order of the Eastern Star.

He is president of the Zion United Church choir.

Mr. and Mrs. Brattan will continue to live at 110 First Ave. N.W. after his retirement. —Moose Jaw Times-Herald.

DRESS STYLES FOR FALL
Styles have sure changed just like our seasons, before we know it fall will be here and we will be looking forward to a new fall dress. The stock of fall dresses are just arriving and the fabrics are really something to talk about. Also a real boon to the housewife, or girl about town.

Just wash, drip dry with little or no ironing. There are styles to flatter every figure from the smart shirt waist featuring belts, and ties, to the long torso models, with the Pleated Skirts. Then, of course, there is the trim Princess styles. Floor length gowns are a must for every gal's wardrobe, and they come in a variety of styles and colors. IN MEMORIAM

GUTHRIE—In loving mem-
ory of Ethel Mildred Guthrie
who passed away August 27th,
1963.
There's a gift of life we cannot
buy,
That is very rare and true.
The gift of cherished memories
mon.

Like the ones who have of you.
—Ever remembered by her hus-
band Eddie John and the fam-
ily.

BURTON—In loving memory
of our dear husband, dad, grand-
father and great grandfather,
John James, who passed away,
Aug. 25, 1958.
With a cherry smile
And a wave of the hand
He has wandered into an
unknown land
We think of him still
As the same and say
He is not gone, he is just away.
—Remembered and missed by
his wife Pearl, daughters Audrey
and Phyllis, grandchildren
and great grandchildren.

CARD OF THANKS

OBERLIN—We wish to ex-
press our heartfelt thanks for
the many expressions of sym-
pathy received from relatives
and friends in our sad loss.
Thanks to all those who attend-
ed Doug's funeral and came to
speak to us after the service.
Irene, Gordon and Rita

We wish to extend our thanks
for the acts of kindness, mes-
sages of sympathy and floral of-
ferings and cards received from
our friends during our recent
bereavement in the loss of our
loved one, Margaret Wright.
We especially thank the Dr.'s
and nurses of Reston Hospital
who took such great care of
her during her illness and also
thank the pallbearers, and the
U.C.W. for serving tea. All was
very much appreciated.

Trip to Regina concludes active year for Reston 4-H Home Economics Club

RESTON—Donna-Lynne
Downing, Joan McLean and
Judy Patmore enjoyed Teen
Leadership Training Camp at
Wannacumbac, Clear Lake dur-
ing the last of June.

On July 4th, Colleen Caldwell
and Ruth Sturby with their
champion demonstration "Nat-
ure's Novelties" competed at
Brandon winning a red ribbon.

Beryl Chester and Jackie
Guthrie attended camp at Kill-
arney, the week of July 9th to
July 16th. Both girls had a very
enjoyable time.

Gail Chester our national a-
ward trip winner left on July
17th for Wamunago, Minnesota.
She returned on July 25th after
a very enjoyable stay with her
host family.

For Reston Fair the Club or-
ganized a display of 4-H work
of interest to the public. The
Club was grateful to Mr. Herb
Dickson who lent us his school
bus to display the work. Mem-
bers and leaders greeted guests
and answered questions with
187 guests signing the guest
book.

On August 8th, 27 members
and leaders travelled in Mr.
G. Pickett's bus to the Brandon
rally. The members took part
in the judging competition.

Leaders helping with the judg-
ing were: Mary Caldwell, Mar-
garet McLean, Florence Mann-
ing and Mary Milliken.

Members spent the afternoon
looking after displays and at-
tending the midway. The club
took part in the parade at 6
p.m. receiving a red ribbon. Ev-
eryone enjoyed the fair.

Our attractive model Carla
Dagg competed in the Brandon
Dress Revue receiving a silver
spoon.

The club presented two items
for the evening grandstand pro-
gram. Donna-Lynne Downing
pleased the audience by sing-
ing and accompanying herself on
the piano. The Unit 4 handi-
craft group presented "The
Mystery of the Bones" puppet
show. Those taking part were:
Pam and Roxanne Hutchison.

**Reston landmark
soon to disappear**

RESTON—A familiar land-
mark on Reston's Main Street
will soon only be a memory.
It is the building on the corner
of Main Street and Railway
Avenue, which presently con-
tains the office of Rohn Benzie,
the Imperial Oil bulk dealer.

When it was built is lost in
obscurity, but over the years
the two story structure has ser-
ved many purposes. For many
years, the upper floor was used
as Lodge Room by the Masonic
and other fraternal organiza-
tions.

Just after the war, it was a
meeting place for the Elizabeth
Branch of the Canadian Legion
and also for Saturday night
bingos, which were disconti-
nued following complaint, as at
that time it was illegal.

The upstairs was later used
as a dwelling place.
The bottom floor was used
mainly for a warehouse, but an
office on the north-west corner
has housed over the years, a
shoe repair shop, a radio shop
and a hairdressers shop.

The Mayberry Bros., are
tearing the structure down and
a smaller modern office for
Rohn Benzie's Imperial Oil Ag-
ency will replace the structure.

**Ike Klusendorf is
second at Hamiota**

RESTON—Mrs. Irene "Ike"
Klusendorf finished in the run-
ner-up spot in the Hamiota la-
dies tournament on Sunday. She
came in with an 85 for the 18
holes.

Mrs. Alice Paul won second
in the first flight.

Other golfers from Reston at-
tending were Mrs. Joyce Turn-
er, Mrs. Vicki Iles, Mrs. Phyllis
St. Goddard and Mrs. Isabel
Hume.

Attending the ladies tourna-
ment at Glenboro on Monday
but failing to reach the charm-
ed circle were: Mesdames Joyce
Turner, Veda Robinson, Phyllis
St. Goddard, Vicki Iles and Ike
Klusendorf.

Meeting of the R. M. of Storthooks council

STORTHOKS—The council
meeting of the R.M. of Storth-
oaks, held in the municipal of-
fice on August 9th, 1972. All the
members of council were pre-
sent and Reeve Nelson Harvey
presided.

It was resolved that the
position of Director and Medi-
cal Health Officer for Health
Region No. 3 be advertised.
Whereas Dr. Mc. McLaughlin,
Director and Medical Health Of-
ficer for Regina Rural is at-
tempting to serve both areas,
23,000 sq. miles, an 140,000
people; where as this is phys-
ically impossible, we recommend
that a full time director and
medical health officer be ob-
tained.

Correspondence included a
letter from Pat Gervin re-
porting an unknown weed
found in the surrounding dis-
trict which turned out to be
Fringed Loosestrife. Letter from
Mr. Tom Weatherall regarding
grid road to Manitoba border
and its chances of having it oil-
ed in the near future. Minutes
of Health Region No. 3 regard-
ing the hiring of a new director
and medical health officer was
also read.

Mr. Harry Floding of Caoun,
Director of Division 1, visited
the council during the evening
to discuss the proposed Farm
Structure for Sask. He stressed
the fact that this proposal
should be presented to all rate-
payers in the area to familiar-
ize them with this proposal and
to obtain their view on this
matted.

The financial statement for
July was approved as presented.
Bills listed and amounting to
\$4096.04 were approved for
payment.

RESTON

WANT SOME SPUDS?

● Your spud crop looking good? Well the four
acres planted by the Reston Lions Club look very prom-
ising, although it will take some time before they are
ready to pick, but just in case you want some potatoes for
winter, it might be wise to leave your order with a mem-
ber of the Club. The Club has planted the well-liked Net-
ted Gem, which are good keepers and also good tasters.
All proceeds from the sale go toward the Community
Betterment Fund. The land was donated by Doug Watt &
Son, and all the work is volunteer, so the margin of profit
is good.
