get together for a tax change.

There's a good chance that you've already heard of the Manitoba Government's School Tax Reduction Act. You probably already know that, if you're a tenant or a homeowner, you receive a reduction of $\frac{1}{2}$ your school taxes to a maximum of \$50, and that tenants will receive their reduction either by cash, or in a rent reduction to take place in one rental payment period. The full reduction must be passed on to those of you who are tenants as at September 30, 1972.

BUT DID YOU KNOW?

- that a tenant is eligible regardless of how long he has lived in
- his residence. . that landlords must post their property tax statement with the
- calculation of the reduction per unit in a conspicuous place within the apartment building between September 1 and September 15. It must remain posted for 30 days.
- that landlords must notify tenants of the amount of reduction on Notification to Tenant forms, on or before September 30.
- that the full reductions must be passed on by September 30.
- · that landlords must get receipts. · that landlords must return reductions for vacant units to the
- Minister of Finance. • that fines for landlords in case of non-compliance carry a
- maximum of \$500 on summary conviction for each offe

That if you have any questions or problems regarding the School Tax Reduction Act simply call 775-4564 or if you live outside of Winnipeg Zenith 3-6400. (Toll free) Re-member too, that early next year a new tax credit plan called the Education Property Tax Credit Plan, will come into effect in Manitoba. This plan will result in credits of up to \$140 in respect of 1972 School Taxes.
