A Trip to Lynn Lake

by Mrs. Les Chalmers
Our Bellevue correspondent

We spent a two week holiday at Lynn Lake. The flights were enjoyable and we could see the places on many lakes and rivers where the fishermen had cut holes for their nets from the plane. The weather was very warm, 70 to 80 degrees, above average for north of 55, though the lakes were still frozen.

As we got off the plane, a group of 28 girls, with their P.T. teacher, was leaving for Thompson and Gillam, where they spent a week competing in a basketball, bowling and badminton tournament. Tana C. was on the basketball team.

There is much interest in the north for a variety of student activities. The rewards are the trips to the south. Mark Weisbrodt and Kelly Peterson (son of Mr. and Mrs. Glen Peterson) and two girls flew to Toronto and then motored to Sarnia, Ontario with their science projects. The girls won first in Sarnia but the boys project was too large for the space allotted

and was disqualified. Shannon Chalmers, who won at the festival for drama and poetry, was too young to send to Minnedosa so had her voice taped. Unexpectedly her tape won first place so she will be flown with teacher to participate at the Winnipeg Centennial Auditorium, May 27th. All of these children were former students at Pipestone public school.

Kelly and Mark are also hockey players. But I personally, don't see the need for the huge artificial ice rink in the area where frost is so early and so late in the season. The hockey wind-up was held while we were there and over 450 people attended the dinner. Thompson has a population of 23,000 people but Lynn Lake has only 4,000. We were there ten years ago and saw a great expansion in new homes and a new plaza. New homes sell for \$20 to 28 thousand so one would need to be sure of their future plans before buying.

Reports are given at the May meeting of Pipestone U. C. W.

PIPESTONE — A general meeting of the Pipestone United Church Women was held in the Church parlors on Wednesday, May 17th at 8:00 p.m. with 11 members present.

The meeting was opened by the president, Mrs. H. Rutherford with a short reading "In A Garden" followed by the worship period. This was taken by Mrs. J. Forsyth and Mrs. A. Senkbeil beginning with hymn 388. Mrs. Senkbeil read the scripture, Proverbs Ch. 31 and Mrs. Forsyth read a story "The Law of Kindness". The period closed with prayer.

As the program, a round table discussion on "Youth Hostels—Good or Bad?" was participated in by all members.

Reports were given by the following committees:

Christian Education: Mrs. A. Senkbeil reported on a meeting held in the Pipestone Church in April at which a committee was organized and vacation school discussed. Another meeting is to be held in Reston on May 23rd.

Supply and Welfare: Mrs. E. R. Campton reported several boxes of good used clothing taken to the Y. W. C. A. Thrift Shop in Brandon, also a large box of clothing to the Children's Aid and two pounds of used stamps to Mrs. Carls for the Leprosy Mission work.

Social: Lunches served at a farm sale and after a funeral.

Treasurer: Reported a bank balance of \$846.74.

Manse: The half bathroom completed and furnace thermostat repaired. Tilm on manse needs repainting.

In the absence of the secretary, the roll call, April minutes and correspondence of a thank you card, and letters of thanks from the Society for Crippled Children for money sent in from the canvas and from Melodie Doherty for "Crossroads Africa" donations.

Church housecleaning was discussed and tabled till the June meeting. The caretaking to be continued as usual for the summer with the exception of July which is a holiday month.

After motion of adjournment by Mrs. Ray, the meeting closed with members repeating the Hebrew benediction in unison.

Sinclair gains a split with Melita

SINCLAIR—The Sinclair ball team, 16 and under, have already played two games in the Oil Dome League schedule. On May 15th at Melita, score 7 to 6 in favor of Melita. On May 19th Melita at Sinclair, score 14 to 4 in favor of Sinclair. Doug Reid of Calgary was umpire.

The Reston Fair this year is on the last Thursday in July, the 27th. The first Reston Fair was held in 1908 and has been an annual event every since, except for a few years in the dirty 30s.

Funeral held at Pierson on Monday, May 15 for Mrs. Gertrude Bateman

TILSTON — Funeral service was held in the Pierson United Church on Monday, May 15th for Mrs. Gertrude Bateman, 59, who died in the Winnipeg General Hospital on May 12th, following a lengthy illness. Mr. Ted Burth officiated.

The deceased was a resident of the Tilston and Pierson districts for thirty years, and taught school in Tilston for six years until February 1970 when ill health forced her to resign and she has been in hospital since then.

She was an active member of the Community serving on the Tilston Consolidated School Board for a number of years, and was a member of the Pierson United Church and the U. C. W.

She was predeceased by her husband John in October 1970.

Will start in September

Semester system approved for the Reston Collegiate

VIRIDEN—The Reston Collegiate will operate on a semester system during the 1972-73 school year. The Board of Trustees of the Reston Collegiate approved the semester system at a recent meeting.

Arnold M. Leech, principal of the school's plan for the system which would have traditional school year divided into two 5-month terms. Under this system, students would study and complete half of their subjects during the first semester and complete the remaining subjects during the second semester.

The Board of Trustees gave notice to all concerned that the Sanderson School will be closed at the end of the current school year, i.e. June 30, 1972. The school has eight pupils enrolled this year, four of these at the Grade VIII level. With these four graduating into Grade IX and into another school, and no beginners, the enrollment for September would be only four far below the minimum required

A public meeting of ratepayers was held in Griswold recently to discuss the future of the school in that community. The meeting was called and arranged by the Board of Trustees of the Reston Collegiate. Only nine local people turned out to the meeting. At the time of the meeting, which had six Division representatives (trustees and administrative personnel), 11 children were enrolled in Grades I to IV at the school. The projected enrollment for the fall term at the Griswold School was eight. At a subsequent meeting of the Board, and upon learning that a family with three school age children had moved into the district it was decided not to make any changes at the school this year.

The supervisor of transportation and maintenance of buildings, K. C. Seaford gave the Board a progress report on projects approved under the Provincial Employment Program (P.E.P.). Some of the projects were running behind schedule and it

was found necessary to apply to the government for an extension. Under the terms of the program for which a grant of \$3264 was approved, most schools in the Division are to have classrooms, hallways and washrooms painted, shelving installed and desks, floors, doors, windows and playground equipment repaired.

Notification was received by the Board of Trustees from the Department of Education's Board of Reference re a petition to have the south half of Section 18, Township 9, Range 22 transferred from the Reston Collegiate to the Sauris Valley School Division No. 42. The hearing was held in Griswold in early April. The award made by the Board of Reference was in favor of the petition with effect January 1, 1973.

The Board of Trustees accepted the following resignations to take effect June 30, 1972: Miss D. Delgarno, Lenore School; Mr. and Mrs. K. Grant, Viriden Collegiate; Mr. K. Jensen, Oak Lake Jr. High; Mrs. Patricia MacDonald, Elkhorn Collegiate (effective last January); Mrs. V. MacKenzie, Reston Elementary; Mrs. M. E. Nicholson, Pipestone School; Mrs. E. Reid, Goulter School; Miss M. Stevens, Elkhorn Elementary; Mr. D. R. Taylor, Viriden Collegiate; and Mr. K. Zimzow, Assiniboine School.

Teaching contracts for the 1972-73 school year were approved by the Board for the following teachers: Mr. A. Bush, Miss A. Baie, Mr. W. Bunka, Miss M. Duffin, Mr. H. Hurren, Miss G. Nash, Mr. M. Rutledge, Miss M. Smith, Mr. E. Turner and Miss G. Wilson.

In other business the Board decided to send a trustee representative to a seminar on salary negotiations next September — provided bus transportation for school children attending the Children's Folk Dancing Workshop in Brandon.

— studied the proposal for a school building program at Elkhorn to replace the present Elementary school. — decided not to establish any new kindergarten classes in the Division. A recent survey indicated small enrollments would be involved. Private kindergarten classes are offered in Reston and Elkhorn.

— approved an exploratory meeting to study the possibility of introducing the teaching of family life and sex education in the schools of the Division. The meeting would include the Board of trustees, the Public Health Unit, the Medical Clinic, the schools (principals and school counsellors), the ministerial association and the Division's superintendent and assistant superintendent. — looked into the possibility of offering arts to the Division's grade 8 home economics and industrial pupils. Further information was to be presented at a future meeting — approved a new tuition fee for TMH and EMH pupils from neighboring Divisions attending classes in schools of Reston. — received a letter proclaiming May 28, June 3 as Olympic Week in Canada — approved two student suspensions, one at Oak Lake the other at Elkhorn — where informed that booklets on Louis Riel were distributed to all the students in Grade IV — XII through the courtesy of the Manitoba Historical Society.

H. W. Chornobay, Supt. of Schools, Fort La Bosse Division No. 41.

Results of survey presented at Reston C. of C. meeting

RESTON—A total of 122 returns were received from the 500 questionnaires which were circulated in a portion of the Recorder subscription list. It was reported at the meeting of the Reston Chamber of Commerce held on Thursday evening of last week in the Memorial Hall.

Not all questions were answered in the replies received, with the results as follows: For Monday opening, 34 rural residents and 13 town residents, total 47, opposed to Monday opening, 25 rural and 17 town residents for a total of 42.

On the question of staying open until 10:00 p.m. on Saturday night, the results were: in favor of remaining open to that hour, 46 rural residents, 15 town, total 61; in favor of 9:00 p.m. closing, 26 rural and 12 town residents, total 38.

Two persons who replied, suggested Friday evening openings and seven others stated that they did not want the stores open on Saturday nights.

Considerable discussion took place on the results of the questionnaire and the end result was that a motion was passed that the figures be given to the merchants in town and that they would make the decision as to what course of action can be followed.

Some of the merchants at the meeting mentioned the added

expense of extended hours and felt it wasn't economically feasible to have longer hours.

The matter of a clean-up campaign for the town was discussed and the week of May 22nd to May 27th was set. Those in need of assistance for the removal of rubbish can obtain same by phoning Art Smith at 3768 or the Chairman of Reston U.V.D. at 3562.

On the question of tourism, the matter of appropriate signs and where they should be placed was discussed. A suggestion was made that the Chamber sign east of town be moved to a new location and Jim Walker offered space on his land.

It was decided that an order be placed for a mosquito fogger and Gordon Beiber was authorized to purchase same.

Discussion on the Community Calendar idea took place and it was reported that the idea was catching on. Organizations are asked to report date to Rev. Schurman so they can be recorded on the calendar. The purpose is to avoid conflict in dates of meetings.

Damage caused by children at Hallowe'en was discussed and it was decided that an invitation be extended to the R.C.M.P. to attend the July meeting to discuss the matter.

On motion it was decided that the farewell committee should

be disbanded. It appears that the function of this committee was misunderstood. It was never the intention of the Chamber to put on farewells, but merely to see that one was put on.

The Chamber agreed to host a coffee break at the Municipal Convention scheduled for Reston on June 20th.

President Jim Walker occupied the chair for the meeting which was attended by twenty-four persons.

Rain halts work on the land

RESTON—Work on the land came to a halt on Monday, following a storm which struck about 11:30 p.m. and dumped varying amounts of rain in the area, ranging from a quarter of an inch in an area north of Pipestone to over three inches in the Tilston area.

The storm was accompanied by severe lightning and some hail in certain areas.

RESTON—A Siamese twin calf arrived at the farm of John Thordarson at Sinclair, Man., on Thursday of last week. The freak, which was dead on arrival, had two heads, two tails and six legs. The animal was joined at the hips.

Windows smashed

RESTON — Some person or persons about 3:40 a.m. on Sunday morning threw rocks through the windows of two residents in town. Mrs. Art Smith was awakened by the crash of breaking glass from the front window of her home. A good size stone was thrown with such force that it not only broke the window but also dented the plaster on the wall across room. A car was heard to speed away.

The same night a stone was thrown through a window of the Jim Morrison residence.

There has been a outbreak of window smashing in the district which has been going on for some time.

Funeral service for Harold Mills is held at Pipestone on Friday, May 19

PIPESTONE — Funeral services were held on May 16th, 1972 for Mr. Harold Mills, who passed away on May 14th in the Brandon General Hospital. Rev. E. Schurman conducted the service and the Pipestone choir sang "The Old Rugged Cross."

Mr. Mills was born at Griswold, August 15, 1901, then moved to the Belles district at the age of three. In June 1946 he moved to Pipestone and took up the job as drayman. In 1953 Mr. Mills moved to Brandon, where he worked for the Anglo-Canadian Oil Co. for thirteen years; after retirement he continued as caretaker. In 1969 he moved to Viriden to make it his home. Mr. Mills' lucky number was 13. He joined the Anglo on April 13th, at that time he was living on 13th Street. Thirteen years later he was thirteenth on the seniority list and punched

in and out on card 13.

On November 10th, 1920, Mr. Mills married Elizabeth Margaret Mitchell who predeceased him on September 3rd, 1959. He was also predeceased by two brothers William in 1963 and Russell in 1971.

He is survived by one sister, Mrs. Jim Graham (Edna) of Winnipeg; two daughters, Mrs. Paul Bachewich (Dorothy) of Lompman, Sask.; Mrs. Dave Greenlay (Olnel) of Pipestone, one son Garry Mills, Regina, Sask., and nine grandchildren.

Pallbearers were: Allan Moiz, Charlie Elliott, Eddie Milligan, Sandy Fairbairn of Pipestone, John Forsyth of Reston, Larry Tough of Viriden, George Dodds was usher.

Burial was in the Pipestone Cemetery with the Carscadden Funeral Chapels in charge.

ALSTONE NOTES

by E. J. Guthrie

Not quite as many out to United Church on Sunday morning. No doubt some were away from home on the long weekend. The choir was short handed too. No doubt for the same reason, although they did well under the circumstances. Bea Gately was at the organ pinch hitting for Mrs. Marlin and did a good job. Rev. Schurman's sermon was a know ye not that your body is the temple of God and he gave us an enlightening talk. He and his wife Rene came to Alstone in the afternoon where a short service was held. The singing was a wee bit on the flat side on account of weak voices but we got it done after a fashion. Ellie Smith was at the organ. She cut us short on one hymn but the Reverend laughed and told her not to feel bad as this was the third time that had happened to him that day.

Congratulations to Rev. Hester on making fourteen miles in the walkathon on Saturday. He was able for the pulpit on Sunday.

Some of us attended the funeral of the late Harold Mills at Pipestone last Tuesday. He had spent most of his life in and south of Pipestone. Harold always had time to go and help a neighbor who was in trouble and it could be said of him that he lived in a house by the side of the road and was friend to man.

Pam and Sheri Hutchison called at Alstone and brought some of us a piece of Pam's birthday cake. It was a wonderful feasture and nice cake. Thanks Pam and Sheri.

Clarence Giles of Regina spent a day or two in town last week renewing acquaintances and visited at Alstone where he took a group picture. A good many people that he remembers are gone and those that are left are mostly living in Alstone. He is on his way to Mount Forrest, Ont., to have a look at the country his dad came from.

We called at the south entrance with the car the other day to take a couple of ladies up to the Dr's office when suddenly out of no where the two Bobbies appeared and held the doors for them, helped them in and then closed the doors. Your thoughtfulness and kindness was much appreciated kids.

The Ron Descons and their daughter Linda who have been at their home in Reston for a short while, left on Friday for Armstrong, Ont. where Ron is employed.

We attended the Sinclair-Melita 10 and under ball game at Mike's on Friday night which Sinclair won 14-4, although Melita played some good ball. Was invited over to the house by Wattle Reid for a cup of weak tea, which was appreciated as the night was cool. Orme Reid and family were home from Calgary for the long weekend and we were glad to see them. Doug umpired the game for some of his former teammates.

We extend our sympathy to the family and friends of the late Mrs. John Armstrong who was laid to rest in the Sinclair Cemetery from the Sinclair United Church. She was in her ninetieth year and had lived an active life right up to the last. Her main object in life was the care and comfort of her family.

her neighbors and her friends and the support of her church. She was in Reston on the Saturday afternoon and did her shopping for the next week and carried on till Tuesday night. She had finished her day's work with a chicken stuffed and in the fridge for the next day, made supper which she sat down to enjoy with her sons. The last thing she did was laugh at a kidding remark her son Dave made to her when she suddenly had a stroke. She had finished her allotted tasks while it was still day.

There's a bible story told of David and Johnathan but in our town we have two small boys called David and Jeffrey who like doing things for older people. The other day these two boys brought E. J. a small gift which he appreciated so much. Thanks kids. Maybe your moms will be able to tell you the story of David and Johnathan.

Mrs. Chester, of Sinclair brought us in some eggs a short time ago for which we would like to thank her very much.

Jim Milliken left some fish fillets in the freezer at the teepee on Saturday while we were at the funeral which are thankfully received and will be faithfully applied.

Don and Doreen Roche, formerly of Wilbur, Lanark County, Ontario and now of St. James, Winnipeg, called at Alstone on Saturday night to visit their cousin Jessie Jackson who they had not seen for some time. They checked in at the drive-in at Pipestone and went to Winnipeg on Sunday.

E. J. attended a B.I. meeting at Virden on Sunday night with Rev. Hester which we found interesting. They got into a coffee bar on the way home and got on a coffee binge. However we managed to get Hester out of the bar and got him safely on his way home, full but sober. Bill Melita, of Melita, was supposed to go with us but someone let the cat out of the bag as to the kind of characters he was going with so Bill chickened out. ha, ha.

Tilston ball club of the southwest league won their first game of season on the weekend, edging out Waskada five to four in a closely played game. Tom Guthrie and Robbie Johnston of Reston and Boyd Hensett of Pipestone are in the line-up. Tom Guthrie pitched five and a half innings for Tilston and we understand got credit for the win.

E. J. and J. E. took part in a shirt tail parade in the hall early Monday morning but they don't think anyone saw them ha, ha. Visitors at Peggy Walker's were Mrs. Mangelson and her daughter Mrs. Miller and Mrs. Parkerson, of Naramata, B.C. Jessie, Mrs. Jezzard and E. J. had a wonderful meal with Mrs. Lau and Emily on Wednesday, specially the rice pudding with raisins.

Jessie had Ethel Shippam and Mable Wellman for past cakes on Thursday night and Jean Guthrie and Mrs. Lau for the evening meal on Sunday. E. J. kinda whined a little and scratched on the door on both occasions and got invite too.

Mrs. J. D. Bulloch left by bus for Winnipeg on Monday. From there she will take a plane to the west coast where she will visit with her grandson Jack and family. Jack is a member of the Canadian Air Force and has been posted overseas. John D. had the chance to go too, but he isn't a travelling man, not like the tom cat, Eh John? We just heard that John D. put in a supply of TV dinners to take Clara's place while she is away.

Around 9 a.m. last Thursday, a small 'twister' or tornado travelled north from Sinclair doing some damage at the W. Skelton, E. Heber, J. Forsyth and M. Sturby farms. At the latter farm it carried a small granary 30 feet and set it down on Mike's sprayer, smashing the granary and probably damaging the sprayer.

Sunday visitors at Sturby's were: Mr. and Mrs. J. Pickett, of Reston, Mr. and Mrs. Geo. Hooper and family, Norman Mitchell and Ronnie and Russ Zelmer.

Weekend guests of Mr. and Mrs. E. Heiser were Mr. and Mrs. Geo. Glover and Christine, Miss Diane Heiser and Mr. Suende Buus, all of Winnipeg and a Wally Chambers visited there on Sunday.

RESTON MEMORIAL THEATRE

WE WERE LAX

It has been drawn to our attention that we have been lax in our duty as a newspaper, in not mentioning the destruction of property in Reston. This, we must admit, rather took us back at the time—but on thinking it over, we tend to agree that may have been.

No one walking down main street (let alone any other street that has vacant buildings on it) can help but be appalled at the broken windows and other destruction to buildings. We must add, however, that this problem is not unique to Reston—it happens in almost every town.

Now we have been informed the destruction actually doesn't stop at breaking windows, etc. That in many instances, actual theft of parts of machinery take place. We do think that the time is long past when some action should be taken. Our informant also told us that police say it is up to the individual owner.

We do know that broken bottles and glass is a dangerous thing. We do not know the guilty parties but most householders know they have to pick up the pieces on their own lots almost every Sunday morning. What really concerns us is the fact that some innocent child who is not connected with the breaking, may step on some of this debris and actually suffer severe injury. The same applies to broken windows—some child may be shoved into one and suffer severe cuts. Who is to blame? Certainly not the inno-

cent victim. Maybe, we as parents, should take a close look at ourselves—just maybe, we too, are partly to blame.

Then there is another hazard—fast cars and cyclists who cross the streets at random and who have no reflectors or lights on their bikes. These are quite often small children who obviously don't know the laws regarding bicycles. The following is a further comment on this which we received.

"A short while ago we had set aside a week for us to consider the safety of children. One wonders if it had any effect for we see cars being driven much too fast past the school grounds here in Reston, we also see the stop signs and yield signs being ignored as well. The speed limit past our schools is 15 miles per hour. This does not mean that one must attain 15 miles for it is an offence to drive even at that speed if it is considered dangerous.

A child struck near the grounds, or anywhere for that matter, makes headlines for newspapers but I am certain newspapers are not too keen to have to print them.

Those of us who have to drive on 1st St., 2nd St., 3rd St., and 3rd and 4th avenues should be conscious of the fact that the schools are in this area. Let us remember that the child's life we save maybe the life of our own child.

COMMENT

The Recorder is very fortunate in having quite a number of persons who contribute news columns and columns of interest, including "Sauce for the Goose" by Dave Forsyth which is a column in which opinions on many topics are expressed.

We do not always agree with opinions in Mr. Forsyth's column but have no objection to having them expressed as we feel they are of interest to our readers.

This week's column by Mr. Forsyth takes issue with the statement made last week that prohibition in the early 20s led to increased consumption—and he may be right. However, we would point out that Billy Sunday, the great evangelist stated when the Volstead Act in the United States became effect that the result would be that the jails would soon be empty,

because the crime rate would decrease dramatically.

History, of course, proved that while you can legislate against the use of alcohol, you cannot legislate against thirst. The fact is that prohibition in the United States led to an era of lawlessness from which there has been no recovery. Bootlegging became a highly organized business—because there was the demand—and when liquor again became legal, the highly organized bootleggers turned to other lucrative illegal means of making money, and even today the organized crime is a hangover from the bootlegging era.

Recently a member of the Manitoba Legislature observed that if morals could be controlled by laws, then those of Moses would suffice! How true.

upon the tough sod. However, stripping of the square having been accomplished, trowelling and screening began. Time being limited, little depth was gained in the initial stage of the process, yet expected materials did appear—shattered bit on bone, a few fragments of pottery, and flakes and bits of stone left over from tool-making.

The growing evidence from the work of five or six persons on different occasions points to the site having been a bison-kill site located at the base of a gully, now dry, above a terrace flanking the east side of the Pipestone Creek near Butler. Much trowelling, screening, collecting, recording, studying remains to be done before further conclusions can be drawn about this site. It might be only about three hundred years old; then, it could be three thousand years old: time and labour will tell.

Animal life picked up on the return trip via the Ewart-Hillview road. A pair of young foxes cocked heads in craning curiosity as the car reversed, then slowly moved forward again. Shortly after, an adult badger bumbled across the road at an astonishing rate, flowed up the ditch's bank, and disappeared into its burrow. A while later, a grandpa porcupine waddled gravely across another road, bounding his lethally-needed tail in time to his gait. A slight touch of automotive herding changed this fellow's mind, though, for back he (she) turned and jiggled toward the original side of the road, the animal's back a dirty-yellowish dancing curve of spines in the twilight.

Opening a five-foot by five-foot square of an archaeological site may seem nothing difficult, spade and screen, trowel and willing hands being supplied. But did you ever try this on native prairie? Even the turf-cutter needed to be jumped upon for an impression to be made

The day's record for birds alone was convincing of the interest and pleasure that awaits curious and nature-minded persons. Our list of birds seen and heard ranged from Robin to Kingfisher to March Hawk to Great Blue Heron to Field-billed Grebe to Blue Jay to Yellow-throat Warbler, amounting to 48 species at least. It's fun and really doesn't take so much watching after all; the knack comes readily for some.

Our solar system is known for its nine planets. One day space scientists may be able to tell us about a tenth planet in our solar system. Planet X, as it is tentatively called, is believed to be orbiting the sun 5.5 billions miles from it, immense in size, maybe three times as massive as the planet Saturn, second largest of our planets. Oddly and interestingly enough, the calculations that led to the prediction of planet X developed out of studies of Halley's comet, which visits our part of the solar system once every 76 years. (It is due again in 1986).

Halley's comet has an orbit that displays mysterious wanderings from a regular path. Scientists believe the regular deviations from the orbit are explainable in terms of the existence of planet X. Proof of the presence of X would explain other mysteries that some comets present by their orbits. However, as the proposed planet is located in the densely populated Milky Way, the search is expected to be difficult and long. Something like a pinhead in a few thousand haystacks—spread over as many square miles. I think I'll stick to birds. How about you?

The Days Gone By

10 YEARS AGO (May 24, 1962)

A business change took place in Reston on Tuesday when Jim Ferguson of Carnduff, Sask., and Henry Clausen of Melville, Sask., took over the Reston Meat Market from Gene Traill, who is moving to Souris. Mr. Clausen will operate the business.

Miss Julia Haidich of the Reston 4-H Sewing Club was the public speaking contest winner at Souris last week, for the districts of Brandon, Souris and Virden. Her topic was "Save our democratic way of life." Julia will now go to the provincial finals in Winnipeg in July. President Larry Robinson had a crew working on the Reston Golf course for the past two weeks improving the course. Included in the program was the raking of the small stones from the fairways, the installation of cement tee-offs and three new ball washers, the latter at a cost of \$130.00. The general municipal mill rate in the R.M. of Albert has been reduced from 3.5 mills in 1961 to 3.52 this year.

20 YEARS AGO (May 29, 1952)

Production casing will be installed in the Karpinski well and will be tested for commercial production. Jo-Ann Siffka was awarded a purple ribbon for exceptional work in the first year class of the Reston 4-H Club. The award was made at the achievement held on Friday afternoon in the Reston Legion Hall. Chosen to model at the Souris rally were Vivian Curtis, Dianne Martin and Shirley McIntosh. Dianne Martin and Joan McMurphy were chosen to go to camp at Brandon.

Reston and Pipestone school teams split a double header at Pipestone on Thursday of last week. Reston boys won 4 to 3 with Don Martin being the winning pitcher and Jim Grant the loser. Pipestone girls won 14 to 11. Donna Mae Nicholson was awarded a purple ribbon for outstanding work at the Pipestone 4-H Achievement on Monday night. Sherrill Watt was awarded a mark of 84 for her solo in the 9 and under class at the Virden Festival last week, the highest mark given in the class.

30 YEARS AGO (May 28, 1942)

Nelson Love, R.C.A.F. stationed at Edmonton, is spending a three week furlough at his home in Ewart. The marriage of Mary St. Clair, elder daughter of Mr. and Mrs. Lloyd Armstrong, to Sergeant Ronald James Deacon was solemnized in the Reston United Church on May 23rd. After a short honeymoon they will reside in Brandon where Sgt. Deacon is an instructor at A.C. Canadian Artillery Centre. Word has been received of the safe arrival overseas of three Sinclair boys. Gnr. Wesley McCoy, Pte. Dan Dittmer and Pte. Jack Crisp. A truckload of old tires, tubes and other rubber goods were taken to Melita last week by Wm. Mennie. Rubber is badly needed for the war effort and all that can be salvaged is needed. Gnr. Jim Yates of Camp Saginaw, N.B. is spending a two week furlough at his home in the Ewart district.

40 YEARS AGO (May 26, 1932)

The new Ford eight cylinder car was demonstrated in Reston last week. All who had a demonstration ride speak highly of the riding qualities and snappy performance of the latest product of the Ford Company. The wind storm on Sunday was one of the worst ever experienced in the district. The air was a mass of flying dust. The rain on Sunday night was a welcome relief and will be of great benefit to the crops. It is with regret that we announce the closing of the Royal Bank Pipestone on May 31st owing to the depression. Business men are negotiating and hoping to arrange for a part time service here. Pipestone lost two fine citizens in the persons of Mr.

By the way, one of the most common injuries to persons near a lightning strike is broken eardrums. The lightning shock wave is the culprit! But don't use earplugs; you may get a shot in the head!

Yours naturally,
RAMBLER

and Mrs. S. A. Fraser because of the closing. We regret also the removal of Mr. Allan Inley who has been transferred to Brandon. Miss Mary Smith of Sinclair, received the General Proficiency Gold Medal when she graduated from the St. Boniface Hospital Nursing School recently.

50 YEARS AGO (May 25, 1922)

The Reston school children will attend the field day at Melita on Friday and an appeal is made for cars to convey them there. A few more days of good weather will see the finish of the seeding in the Pipestone district. Huston News: While the Brandon teachers are still on strike, some of our rural teachers are working overtime school days and also on Saturday—Hats off to our rural teachers. Mr. Dan Campbell at Pipestone is putting in the foundation for a new furniture and undertaking store. In an interesting game at Ewart on Friday last, the home team defeated Cromer 11 to 9. If more energy had been used by some of the Cromer players, and less talk, they no doubt would have won, as they had some fine players on the field. John Baldwin will continue to buy cattle and hogs and also will continue the auction sale business.

60 YEARS AGO (May 23, 1912)

Norman Miller of Virden, made a visit to Reston on Sunday. He reports the roads in a wretched condition for motoring. The recent rains have made them soft and rough and the road bed is so low that the water lies on it, instead of running off into the ditch. Much discussion is taking place on the merits of board vs. cement sidewalks and the motion carried recently to lay a board walk on the east side of Reston's main street may be rescinded and a cement walk laid instead. Last week when the Western Elevator at Brownhills was burned, the blaze was plainly visible from the Huston district. Wheat seeding is completed in the Hillview district and by the end of the month all coars grains will be sown. In a letter to the editor signed "Restonian" it is suggested that a weekly half holiday should be observed.

The Editor's Jotbook

The seeding operation took a set-back in the storm which arrived in the district about 11:30 on Sunday evening, preceded by an almost continuous roar of thunder. The rain, driven by a high west wind came down in sheets at the beginning of the downpour, upwards of an inch fell. A pair of Bob-Links appear to have taken up nesting duties somewhere on the golf course, at least there was a pair to be seen on Sunday. We also suspect that a pair of Mallards are nesting there as well as Blue-Wing Teal, and on two occasions in the evening we have heard a Pheasant crowing, the sound came from the sloughs to the west of the course in our opinion. We think we will start a campaign to have all holidays on Saturdays, it would still give people a long weekend and would help with the weekly publishing business, for with no mail on Monday, it sure makes for a job to get the paper out by Wednesday by 5:30. Of course, the merchants might have some objections to such a scheme!

Sauce for the Goose

by Dave Forsyth
Thank you "Member" for your kindly criticism. You are probably aware that almost any statement or law can be challenged from some angle or another.

I do so challenge our Editor in his statement that bootlegging led to increased consumption. I will also go along with him in his statement that more in-home examples of non-smoking is a must.

For my part I believe if many smokers realized the discour-

age they inflict on those who don't indulge some might stop. Have considered writing "Greyhound" with the suggestion that they pay non-smoking drivers a bonus.

It's almost as obvious to ride in the front half of the bus with only the driver smoking as to sit in the back and get the full advantage of all the second-hand smoke.

If there is any logic in the Editor's statement and in my comments re smoking, shouldn't service organizations also try to set an example.

Is it more important that you make money or that you risk setting an example that may set one person on the road to ruin?

Liquor can kill
The federal transport department says that drivers who have a drinking problem are 20 times more likely to be killed in a traffic accident than driver who are not problem drinkers.

THE UPPER ROOM

Read Psalm 23; II Corinthians 4: 8-18.

My cup runneth over. Surely goodness and mercy shall follow me all the days of my life. (Psalm 23: 5-6)

A reporter said of the weather, "Tomorrow is expected to be a carbon copy of today." The Christian should never find it necessary to say this of his days. Although the common duties are repeated and the Christian's life is one of continuity, each day is different. There is expectancy—hope—adventure! He asks, "With what will God fill my cup today?" If one is ready for humble and faithful service, there will be joy. There may be pain or sorrow, of course, but God's creative love will even work good out of it.

Because of our redemption of Christ, new peaks are waiting to be explored every day. The prophets saw something of the splendor in the distance, but did not experience it. Thy mystery was fulfilled at the coming of Christ.

How impossible for any tomorrow to be a "carbon copy" of today!

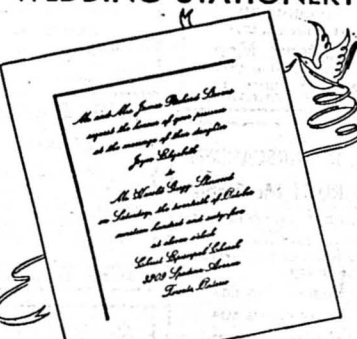

PRAYER: Our Father, we thank Thee for "ash hope and new insights that make it impossible for life to grow stale for those who love Thee. May we live each day with bright expectancy, praying as Thy Son, our Saviour, taught us: "Our Father, who are in heaven... Amen."

THOUGHT FOR THE DAY

With Christ within, I face each day with a spirit of expectancy.

A tax change you can pocket

Much of the municipal property tax you pay goes toward education costs. Your Manitoba Government wishes to relieve some of that burden, so it's taking on the responsibility of providing from 12 to 14 million dollars formerly raised by municipal property tax. That means a saving of up to \$50 to each person or family that is presently paying school taxes in Manitoba. If you live in an apartment, own a house, or are a farmer, then you pay school taxes and thus qualify. The only people who don't qualify are those who live in rooming houses, subsidized rental quarters and transient accommodation such as hotels, motels and tourist camps.

Your school taxes for 1972 will be reduced by one-half, to a maximum of \$50. ARE YOU A TENANT OR LANDLORD? If you're a tenant, your landlord, as of September 30, 1972, must pass this saving on to you, either in the form of a cash payment or in a rent reduction in which the full amount that you're entitled to will be deducted from your rent in one rental payment period. If you're a landlord, you are required to notify your tenants in writing of benefits due them, and how they will be paid. It's that easy.

OWN YOUR OWN HOME? If you own your own home, your payment will be in the form of a credit on the municipal tax statements to be issued later this year.

FARMERS ONLY PLEASE. Farmers will also receive payment in the form of a credit on the tax statements. But in addition... If you're paying school taxes on more than one parcel of land you are entitled to amalgamate your school taxes so you can bring your benefit up to the full \$50. Just make sure all the land you're claiming is within one municipality and fill out an application to the municipality concerned. AND FINALLY... This plan should not be confused with the recently announced Education Property Tax Credit Plan which will be in addition to the School Tax Reduction Act and will result in rebates of up to \$140 in 1973.

CARD OF THANKS

Thanks to every one who sent flowers and cards and remembered me while in hospital. Also thanks to the doctors and nurses.

Adeline Davis

To all residents of Reston, my sincere thanks for your warm welcome on my recent visit to the place of my birth.

C. J. Gilles, pensioner, Regina, Sask.

I wish to thank everyone who helped in getting me to the hospital. Also for the many cards and visitors. A special thanks to the doctors and staff of Reston hospital.

John Nadeau.

Thank you to the Doctors, entire nursing staff and the kitchen staff for their kind care, while I was a patient in the Reston Hospital. Also thanks to all my friends and relatives for their visits, cards, gifts and also the help at home.

Mrs. Beryl Reid.

Our sincere thanks to everyone for their many acts of kindness shown us at the time of our loss of our father and grandfather, including all the food, flowers and cards sent to the house. Rev. Schurman, the choir, the pulpitbearers, ladies for the lunch and to everyone who helped in any way. Thanks to the doctors and staff of Reston and Brandon General Hospital for giving our dad good care.

Paul and Dorothy Bachewich, Gary and Shirley Mills, Dave and Orlab Greenlay.

We would like to express our deepest appreciation for all the acts of kindness and expressions of sympathy received during the illness and at the time of passing of our mother.

Special thanks are sent to the doctors and staff of Reston hospital, to Rev. Henderson, to the pall bearers, ushers, the choir, members of the Sinclair U.C.W. and to those who helped at the cemetery.

We are grateful to all those who contributed to the Sinclair United Church Memorial Fund, to other charities and for floral tributes and the many cards received.

The Armstrong Family.

We would like to express our sincere thanks to everyone who was so good to our Mom during her fifteen months stay in Princess Elizabeth and Winnipeg General Hospitals. She certainly appreciated all the visits, cards, gifts and letters. A special thanks to all those who have been so kind since the time of her death, to those who brought food to the house, to the Pierston U.C.W. for serving lunch after the funeral, to Mr. Burtch for the wonderful service, Mr. Evers, and all those who gave cards, flowers and donations. To Bev for bringing Mom's former pupils to the funeral as a student body. And last but certainly not least, a great big thanks to the Griersons for looking after our children so many times when we went to visit Mom, and also at the time of the funeral. Words simply cannot express our appreciation.

Meeting of S. W. I. held at Fertile

FERTILE — The S.W.I. meeting was held on Thursday afternoon, May 11, 1972 at the home of Mrs. G. Orsted. It rained all day but fourteen brave ladies ventured out.

The meeting opened by singing the Club Ode and repeating the Creed. Minutes of the last meeting were read & approved as read. Treasurer's report was read. Mrs. Lorette gave the flower report. It was decided to send flowers to the late Mr. C. Dixon in Marchwell. Correspondence was read: a letter from the Saskatchewan Mental Health and it was decided to put a jar at the local store for anyone who wishes to donate to it. It was decided a car load of ladies would attend the friendship day at Carnduff, Sask., on May 18th.

Bylaws were answered so the delegate Mrs. Bill Reel will take them to the Provincial Convention in Saskatoon, Sask., May 30th. A good report was read from the District convention in Parkman last Wednesday, the delegates were Mrs. G. Orsted and Mrs. R. Kirkpatrick.

The two mystery boxes donated by Mrs. Orsted and Mrs. Belog were won by Mrs. Lorette and Mrs. Millions.

A delicious lunch was served by the hostess and assistant, Mrs. Schensted.

Next meeting June 8th will be held at the home of Mrs. E. Malin.

RESTON LIONS CLUB

WORK IS PROGRESSING

● Progress is being made with the Lions Centennial Playground situated just south of the Bank of Montreal on Reston's Main Street. Some of the equipment has arrived and has been set-up while more is on order and expected soon. The late spring has been a factor in not getting the job done as soon as would have been liked, but with patience and perseverance the job will be done. The project is quite extensive, and required a great deal of work.

IN MEMORIAM

DAVIS — In loving memory of my dear husband George, who passed away June 7th, 1969.

Within our hearts you will always stay, loved and remembered by his wife Linda and family and grandchildren.

HARBOTTLE — In memory of Alexander Harbottle, who passed away on the 23rd of May, 1964 and my son George Harbottle, who passed away March 26th, 1966.

— Sadly missed by mother.

CRAIG — In loving memory of our beloved parents, Mary-Anne, who passed away May 24th, 1962, Joseph Frederick, who passed away April 3, 1963.

God so loved the World that He gave his only begotten son, to the end that all that believe in Him shall not perish, but have eternal life.

Looking back with memories, Never more than a thought away, Quietly remembered every day, We bless the years we had with you, And leave the rest with God. — Lovingly remembered by Margaret, Sault Ste. Marie; Tom, Headingley; John, California; Lloyd, Brandon; Keith, Ottawa; St. Clair, Winnipeg.
